## PRODUCT ATTRIBUTES

|                     |                                                                                                 |
|---------------------|-------------------------------------------------------------------------------------------------|
| Weight              | 0,06Kg                                                                                          |
| Installation torque | 25;35Nm                                                                                         |
| Operation (X)       | 2 to 3 (Free Flow) Pilot Ratio 2:1<br>Sealed Pilot Piston (Check Spring<br>Bias) (Min. 4.1 bar) |
| Cavity Tooling      | 08W-3                                                                                           |
| Springs (Y)         | 1.7 bar                                                                                         |
| Options (Z)         | Not Adjustable                                                                                  |

## PRESSURE ATTRIBUTES

|              |        |
|--------------|--------|
| Max Pressure | 240Bar |
|--------------|--------|

## FLOW ATTRIBUTES

|            |         |
|------------|---------|
| Rated Flow | 30l/min |
|------------|---------|
