## PRODUCT ATTRIBUTES

|                     |                                                             |
|---------------------|-------------------------------------------------------------|
| Weight              | 0,16Kg                                                      |
| Installation torque | 40;50Nm                                                     |
| Operation (X)       | 2 to 1 (Free Flow) Sealed Pilot Piston<br>Pilot Ratio 4.2:1 |
| Cavity Tooling      | 11A-3                                                       |
| Springs (Y)         | 7.0 bar                                                     |
| Options (Z)         | Leakproof hex. socket screw.                                |

## PRESSURE ATTRIBUTES

|              |        |
|--------------|--------|
| Max Pressure | 350Bar |
|--------------|--------|

## FLOW ATTRIBUTES

|            |         |
|------------|---------|
| Rated Flow | 60l/min |
|------------|---------|
